

# Upgrade Your Toilet with a smarter one

HUIDA

Add a HUIDA intelligent toilet in your bathroom and experience how technology can change your life

Item No.		HDE3005T
Rated Voltage		220V or 110V (Other voltages can be customized)
Rated Frequency		50Hz
rated power		1330W
Ambient Operating Temperature		1°C~40°C
Inlet Water Temperature		1°C~35°C
Operating Water Pressure Range		0.07MPa~0.75MPa
Cleaning	Warm Water Heating Mode	Instant Heating Mode
	Rear Water Output	0.5~0.9L/min( 5Levels )
	Front Water Output	0.5~0.9L/min ( 5Levels )
	Warm Water Temperature	30°C~40°C ( 4Levels )
Warm Air	Warm Air Temperature	35°C~55°C ( 4Levels )
	Warm Air Speed	4m/s
	Safety Device	Bimetallic Thermostat, ThermalCutoff Fuse
Seat Ring	Seat Cover/Ring Slow Down	3s~60s
	Seat Ring Temperature	28°C~40°C ( 4Levels )
	Safety Device	Thermal Cutoff Fuse
Fireproofing Grade		V0
Waterproof Grade		IPX4
Power Line Length		1.5m (customization is available)
Product Size		680mmx405mmx511mm
Product Weight		50KG

1. LED digital display: more intuitive;
2. Power-off flushing: worry-free;
- 3, one second rapid heat, water temperature  $\pm 0.5^{\circ}\text{C}$ , seat temperature  $2^{\circ}\text{C}$  temperature difference;
4. Seating and moistening: to prevent sticking;
5. 900 CC large flow variable frequency, i.e. heat;
6. Double water filtration: the cleaning water is more clean;
7. Hot and cold massage and cleaning
8. Fast switching of gluteal and women's washing
- 9, 2. 4G wireless remote control: fast response, no fear of obstacles;
